

ADMISSION REQUIREMENTS

PREREQUISITES FOR ENROLLMENT

The National Accrediting Agency for Clinical Laboratory Sciences establishes prerequisites for admission to the School of Medical Technology. The minimum prerequisites for a student entering a program in Medical Technology/Medical Laboratory Science are as follows:

- 90 semester hours from an accredited college or university leading toward a degree in one of the sciences.
- 16 semester hours of chemistry credit acceptable toward chemistry major. At least one course in organic chemistry or biochemistry. One organic or biochemistry must be within the last seven years.
- 16 semester hours of biology credit acceptable toward biology major. At least one course in bacteriology or microbiology and one course in immunology. At least one bacteriology or microbiology course must be within the last seven years.
- 1 mathematics course.

To be eligible for admission, the student must either have a baccalaureate degree or must be eligible for a degree in Medical Technology in an affiliated university upon completion of the program in Medical Technology. The year of Medical Technology training will be credited as 30 semester hours toward the baccalaureate degree at affiliated universities.

The preferable minimum grade point average for admission to Comanche County Memorial Hospital School of Medical Technology/Medical Laboratory Science is **“2.8”** on a 4-point scale. Students must have a minimum of a **“C”** grade in ALL Science classes or a **“2.5”** Science GPA on a 4.0 grading scale.
